**No. 02 - Frankfurt/Main:** Lurgi Zimmer GmbH, a company of Lurgi GmbH Frankfurt/Germany, has contracted a Polyamide 6 plant to be built for Zhejiang Huajian Nylon Co. Ltd., China. Polyamide is a widely used polymer for sophisticated technical and textile applications.

Zhejiang Huajian is a well-known Polyamide 6 producer for textile and engineering plastics applications. With the new plant they will further increase the PA6 production capacity up to 70 kt/a.

This new production plant, which features the well proven two stage Zimmer® PA6 polymerisation technology, has a capacity of 100 t/d high quality chips for textile and film end use. The multi purpose facility will be located in Ruian City near Wenzhou, Zhejiang Province and will go on stream in 2009. The order value is undisclosed.

Lurgi Zimmer will provide the technology, engineering, procurement of equipment, and supervision services. This is Lurgi Zimmer's third PA project in the last 12 months and underlines the leading position of the Zimmer® PA6 technology in the world.

*With more than **40,000 employees in 72 countries**, Air Liquide is a **world leader** in industrial and medical gases and related services. The Group offers **innovative solutions** based on constantly enhanced technologies and produces **air gases (oxygen, nitrogen, argon, rare gases) and many other gases including hydrogen**. The Group contributes to the manufacturing of **many everyday products**: bubbles in sparkling beverages, protective atmosphere for packed foods, oxygen for hospitals and homecare patients, ultra-pure gases for the semiconductor industry, hydrogen to desulfurize fuels.*

*Air Liquide is committed to **sustainable development** and helps to **protect life**. Founded in 1902, Air Liquide has successfully developed a long-term relationship with its shareholders built on **trust** and **transparency** and guided by the principles of **corporate governance**.
